

## SISTERS FOR JUSTICE WALKED THE TALK

WHERE? Melville Koppies...  
WHEN? Heritage Day...

WITH? A GROUP OF ENTHUSIASTS  
FOR A BETTER RELATIONSHIP  
WITH ALL...

We, Sisters for Justice (Johannesburg) organised a walk on the Melville Koppies on Heritage Day. We decided that Heritage Day was an appropriate time to consider what it is we wish to contribute to ensuring that we leave future generations with the rich heritage that we have enjoyed. To

this end we chose Pope Francis's, 'Laudato Si' as the means to contemplate how we relate to our earth, us, and to others. We had fun compiling a booklet that focused on the chapters of 'Laudato Si' and distributing them to the group as we began our walk. We made 6 contemplative stops during our walk. We settled on rocks or on the ground to listen to readings from the Encyclical and had silence time to meditate on what

we had heard. Those who wished shared their thoughts with the group. At some stops or 'Stations' we sang read poetry and prayed. All found this experience moving and enriching and we most certainly will repeat the event next year. We hope to see you there!

Please enjoy our Booklet!
